THE WARRELL CORPORATION EXPANDS INTO THE CARAMEL BUSINESS

April 9, 2009, Camp Hill, PA --- The Warrell Corporation acquired the assets of York Pennsylvania based Classic Caramel Company. One of the largest caramel producers in the United States, The Classic Caramel Company traces its roots back to 1914 when it began as York Caramel and has been dedicated to manufacturing high quality caramel products ever since. Classic Caramel is known for some 30 different types of caramel (including liquid and sugar-free versions), old fashioned salt-water taffy, as well as maple, butter rum, vanilla, and chocolate toffees. Over the years many confectionery, food, and pharmaceutical manufacturers have used caramel from The Classic Caramel Company as an ingredient.

“The addition of Classic Caramel to The Warrell Corporation will enhance both our specialty distribution business and our contract manufacturing capabilities. Several current and new products planned for production in the York, PA plant will be sold both through Pennsylvania Dutch Candies and traditional Classic sales channels. The manufacturing lines are first class and capable of producing the best caramel products available for use in chocolate enrobing and moulding, cake and pastry manufacturing, snacks and nutraceuticals. We are pleased to strengthen our capabilities with this acquisition.” said Warrell Corporation President Patrick Huffman.

About The Warrell Corporation

The Warrell Corporation is a manufacturer, distributor, and importer of quality candy and snack products with a broad array of distinct manufacturing processes including chocolate panning, chocolate enrobing, roasting, brittle crunch, after dinner mints, hot panning and specialty peanut butter pillows. The company markets its products under the Pennsylvania Dutch Candies and Katherine Beecher brands, and does extensive private labeling and contract manufacturing. The Warrell Corporation proudly employs 200 plus employees in the Camp Hill, PA area.
