

# The Warrell Corporation

*A Leader in Confectionery Co-Manufacturing*

## FOR IMMEDIATE RELEASE

February 24, 2011

### THE WARRELL CORPORATION FEATURED ON *PCN TOURS*

**CAMP HILL, PA** The Warrell Corporation is pleased to announce that a tour of their Camp Hill and York plants will be featured on the Pennsylvania Cable Network's popular program, *PCN Tours*. The episode will premiere at 8 p.m. on March 6, 2011.

The Warrell Corporation is a family owned Pennsylvania business manufacturing, distributing, and importing quality candy and snack products. We offer a broad array of distinct manufacturing processes including chocolate panning, chocolate enrobing, caramel and taffy, nut roasting, nut brittles, hot panning, and specialty items. The company markets its products under the Pennsylvania Dutch Candies, Katharine Beecher, and Classic Caramel brands, and does extensive private labeling and contract manufacturing. The Warrell Corporation proudly employs over 240 employees in the Camp Hill and York, PA areas.

The featured walking tour is hosted by family members; Richard Warrell, Warrell Classic Director of Sales and Marketing; and Kevin Silva, Senior Vice President. "This friendly 'walking tour' format is a great opportunity for PCN viewers to get a chance to see our 46-year-old family owned candy business in action," said Richard Warrell a second generation family member. "Nothing brings a smile to your face more than seeing how our delicious high quality candy is made." *PCN Tours* will highlight several plant processes including chocolate panning, chocolate enrobing, caramel, taffy, hot sugar panning, and nut crunches; as well as several packaging processes.

PCN is a nonprofit cable television network that has an extensive list of subjects it covers in the commonwealth, including various state government proceedings and events, high school sports championships, and multiple other areas of interest, including *PCN Tours*, which features museums and manufacturing facilities in an hour-long program devoted solely to the featured facility.
